

MSS is offering SPIF rewards—it's time for you to cash in on our new Summit Series Wireless Network Radios!

Mountain Secure Systems (MSS) is featuring these products in its **End-of-Summer Promotion**. Between now and November 30th, 2011, **you can earn \$25–\$100 SPIF rewards**, per radio, for selling these excellent products. These radios are highly configurable, made in the USA, and have the industry's leading 2-year warranty. They also come with MSS's award-winning customer service. MSS was recently named "Missile and Fire Controls Small Business of the Year," by Lockheed Martin Company's (LMCO).

Summit Wireless Network Radios from MSS are designed to deliver the best cost-to-performance ratio in the wireless network industry for video, voice and data applications. Solutions cover point-to-point, point-to-multipoint and wireless mesh networks.
